TO PLAY THE GAME OF WAR.

DEPARTMENT'S ORDERS TO THE NORTH ATLANTIC SQUADRON.

A Week of Target Practice and Other Exercises in the Southern Drill Grounds Under the Inspection of Admiral Dewey and Others of General Board.

WASHINGTON, April 28.-An elaborate programme, to be carried out by the vesels of the North Atlantic Squadron, under the observation of a number of high-ranking officers, including Admiral Dewey has been arranged for this week, next week and the week following. Officers of the Navy Department say that there is nothing mysterious about the affair, which they call an "inspection," but everything points to a series of secret manœu-

Vres, probably in the form of a war game. The inspection is to be held at sea, on known as the Southern Drill Grounds, a sheet of water about thirty miles outside the Capes of the Chesapeake. In an announcement on the subject the Navy Department said that when the squadron arrives on the drill grounds from Cuba, on May 1 or 2, it will be met by an officer from Norfolk, who will communicate to Rear Admiral Higginson, commanding the squadron, the Department's orders for the inspection. The practice of the Department is to inspect vessels within a short period after they go into commission, but it is quite out of the ordinary to have an inspection of an entire squadron after its return from cruise.

Another significant thing is that not only will the regular Board of Inspection and Survey join the squadron, but the entire General Board of the Navy, which is intrusted with the preparation of war plans and which corresponds to the general staff of a European Power, will be present during the exercises. The length of the observation by the two boards has not been stated beyond that, to quote the Navy Department's announcement: "It is thought that the programme of inspection of target practice will occupy a period of one week, commencing Monday, May 5." Admiral Dewey and the other members of the General Board, including Rear Admiral Taylor, Chief of the Bureau of Navigation, Rear Admiral Bradford and Capts. Clark, Sigsbee and Chadwick, will meet the squadron in the despatch boat Dolphin, which will go from Washington. The Board of Inspection and Survey, of which Rear Admiral Wadleigh is President, will go on the gunboat Gloucester, now at Annapolis. For the first time since he left the Olympia, Admiral Dewey will fly his four-star red pennant, the Dolphin becoming his flagship. Of the three officers who have attained the highest rank in the American navy, he will be the first to hoist the Admiral's flag at sea after having been detached from war service.

The Dolphin and Gloucester are expected to join the squadron by Saturday next, and then will begin the programme arranged by the Navy Department. When the squadron went to the West Indies in the winter, Rear Admiral Higginson had orders to carry out a programme of mancouvres and exercises at sea and certain drills ashore prepared by the General Board, and it is probable that the squardon will be directed to show to the board how proficient it has become through this practice. The shore exercises took place on Culebra Island, near Porto Rico, where marines and field guns were landed and war games played.

The observation to be made by the two boards recalls the inspection of the North Atlantic Squadron on the Southern drill grounds in September, 1897, by Mr. Roosevelt, then Assistant Secretary of the Navy. The squadron was commanded at the time by Rear Admiral Montgomery Sicard and was devoting much of its time to target practice in anticipation of a possible struggle with Spain.

WASHINGTON SOCIETY NOTES. Secretary Wilson Gives a Dinner to President and Mrs. Roosevelt.

WASHINGTON, April 28.-President and Mrs. Roosevelt were the guests of the Secretary of Agriculture and Miss Wilson at dinner to-night. None of the members of the Cabinet was present with the exception of the host. A Cabinet dinner had been arranged for by the Secretary and Miss Wilson during the winter, but the President and Mrs. Roosevelt were called to Groton, Mass., on account of the illness of Theodore Roosevelt, Jr. All of the members of the Cabinet were entertained, however, and the function to-night was given so that an annual din-ner given by the Secretary to the President might not be omitted. The guests were Speaker of the House and Mrs. Henderson, Senator and Mrs. Cullom, Senator Kean, Miss Kean, Assistant Secretary of War and Mrs. Sanger, Mr. and Mrs. Thomas F. Walsh and Mr. and Mrs. Clifford Pinchot.

F. Walsh and Mr. and Mrs. Clifford Pinchot.
Secretary Root, accompanied by Mrs.
Root and Miss Root, who have been spending the past ten days in Cuba, will return to Washington to-morrow. Miss Root is one of the prime leaders in the garden party to be given at the Spanish legation on Wednesday for charity. Small white tents of the army type dot the south front White House lawn to-night in readiness for the party, for which Mrs. Roosevelt has issued five or six hundred invitations. has issued five or six hundred invitations.
Tea tables will be sheltered by the tents, and well-known women will pour tea and serve light refreshments. The invitation cards read. "Mrs. Theodore Roosevelt." and in the lefthand corner "Tuesday, April 29, from 4 to 6 o'clock."

BEEF TRUST PROCEEDINGS.

The state of the second second second

The Government Likely to Move in th Courts Next Week. CHICAGO, April 28.-Whether the injunction proceedings against the alleged Beef

Trust are brought soon or not, there is no question that Judge W. A. Day, the Government's special attorney, believes strongly in getting at the preliminary proceedings as soon as possible. He arrived to-day at the office of United States District Attorney Bethea in the Monadnock Block an hour before most business men were at their breakfast tables. Mr. Bethea was no laggard himself, and

the attorneys went into conference at once. Some evidence was given by persons supposed to know the inside of packers' affairs. It is said to be convincing in its nature. It goes almost without saying, how-ever, that the statements as to the strength It goes almost without saying, howof the evidence do not come from either Mr. Bethea cr Mr. Day. There are few indications that the case will go before the Federal Court until the last of this week or the first of next.

The packers are to be charged with black-listing retailers who do not obey fixed rules of the trust. They are to be charged rules of the trust. They are to be charged with having an agreement to lower and raise prices at will with no particular regard for the law of supply and demand. They are to be accused, also, of having throttled competition. The main allegation, the head and front of the offending, is, of cours, that "an agreement exists to control the beef trade."

Attorney-General Davies of New York will use the evidence collected in Chicago this week as ammunition for the fight he is to begin against the trust under the law of that State known as the Donnelly Anti-Trust act. Its provisions are similar to those of the Sherman law.

PRODDING THE BEEF TRUST. Bob Davis Organizes a Monster Hunt in Jersey City.

The Beef Trust was denounced at a mass meeting last night at Elks' Hall, York and Henderson streets, Jersey City, in accordance with the programme mapped out by Bob Davis's twelve Hudson county Assemblymen. Arrangements had been made to have overflow meetings in anticipation of a great outpouring but the crowds failed to materialize. About four hundred men and one woman were present.

State Tax Commissioner Charles C. Black said he believed the proposition to take the tariff off beef, mutton and pork would be more effective in putting the Beef Trust out of business than the action of the President in calling on the Attorney-General to proceed against the trust under the Sherman

Congressman Allan L. McDermott of Hudson county, President of the Washing-ton Traction Company and a well known corporation lawyer, said that there is a set of men in his country controlled by greed who are willing to take the life blood of American children in order to get a cent more on a pound of beef. He said that all corporations should be incorporated under Federal laws so that the Government could reach out and punish monopolies which cornered the necessities of life. At present, he said, it is almost impossible to tackle in one state a corporation which receives its harter from another.

Former Assemblyman Allan Benny of Bayonne and former Congressman Thomas McEwan of New Jersey also spoke. Resolutions were adopted protesting against the tariff on beef and calling upon Congress to

CALUMET AND RECLA DOWN. Quarterly Dividend Cut in Two and Price

of Copper Reduced. Boston, April 30 .- The directors of the Calumet and Heela Mining Company today voted to cut the quarterly dividend in nalf, declaring only \$5 a share, as against \$10 paid for the previous quarter. The cut

means a loss to stockholders of \$500,000. No official explanation accompanied the announcement of the reduced dividend, out inasmuch as the copper market has been in a demoralized condition ever since last September, an official explanation was not looked for. To-day's cut in the dividend have again reduced their selling price for copper from 14 cents to 121/2 cents, meeting he market level, can hardly be interpreted otherwise than that the company's man-agers regard the copper warfare, that has seen raging since last summer, as far from settled, and intend to husband their re-sources so as to be fully prepared for the seemingly inevitable long fight with the

Amalgamated. The dividend to-day is the 122d declared by the company and makes a total of \$45 a share paid in dividends for the company's fiscal year ending April 30, 1902. This \$45 a share compares with \$65 per share paid in the year ended April 30, 1901, and \$80 a share paid for the year 1900. dividend raises the grand total paid in dividends by the company to \$78,850,000.

In consequence of the cut in the dividend Calumet dropped 20 points to \$550.

STEEL PROXIES COME IN FAST

5.000 Stockholders Have Sent Them Atready -Unprecedented Demand for Steel.

In response to the request of the management of the United States Steel Corporation for proxies for use at the special meeting when the proposed bond conversion meeting when the proposed bond conversion plan will be voted on proxies from 5,000 different stockholders had been received up to last night.

It was reported in Wall Street yesterday that because of the unprecedented demand the prices for iron and steel products are advancing in spite of all the efforts of the United States Steel Corporation to keep them down.

OLEOMARGARINE BILL PASSED.

SENATE CONCURS IN THE HOUSE AMENDMENTS.

nese Exclusion Bill Passed and Now Goes to the President—As Agreed To, It Continues Existing Laws in Force Until Otherwise Provided by Law.

WASHINGTON, April 28 .- During the routine morning business in the Senate to-day a telegram was presented, read and referred to the Committee on Foreign Relations, from the Kansas State Millers' Association, stating that on account of foreign discriminations, "with the best wheat in the world at their door," Kansas mills are not producing over one-third of their full capacity and that unless the Committee on Foreign Relations can give relief through reciprocal concessions many of them will shut down indefinitely and some of them will be forced to the wall.

The Oleomargarine bill was laid before the Senate and after considerable time spent in unravelling a parliamentary snarl a motion to refer the bill to the Committee on Agriculture was made by Mr. Culberson (Dem., Tex.) and was defeated by a party vote-yeas 26, nays 35- except that Messrs. Foraker, Mitchell and Stewart, Republicans, voted with the Democrate in the affirmative.

Mr. Teller (Sil. Col.) offered an amendment to the House amendment declaring that which constitutes a butter trust, and imposing a tax of 10 cents a pound upon the products of the trust. Rejected: Yeas 25, nays 28.

Mr. Proctor (Rep., Vt.), chairman of the

Committee on Agriculture, moved to non-

concur in the House amendment and ask for a conference. Mr. Cockrell (Dem., Mo.) settled the question finally by moving that the Senate concur in the House amendments. The motion was agreed to and the bill has now

passed both houses. At 2 P. M., the Philippines Temporary Government bill was taken up and Mr. Simmons (Dem., N. C.) addressed the Senate in opposition to it. In his denun-ciation of Gen. Smith's order to put to death all the inhabitants of the Island of Samar over ten years of age, he declared that it had no parallel except the order of Herod the King, that all the children who were in Bethlehem "and in all the coasts thereof" from two years and under should be slain, in order that he might more securely compass the death of him of whom it was said 'He came to be the King of Israel, the Christ and Saviour

of Mankind." At the close of Mr. Simmons's speech the Philippines bill was laid aside tempo-rarily and the Sundry Civil Appropria-tion bill was taken up, and fifty-four pages were disposed of

were disposed of.

The bill as passed by the House appropriated \$49,813,095; as reported back by the Senate Committee on Appropriations the amount is increased to \$52,719,948, the amount is increased to \$52,719,948, as against \$61,795,908 for the current fiscal year. The increase is partly made up of \$387,500 for public buildings, \$752,600 for lighthouse beacons and fog signals, \$538,000 for engraving and printing and other large items. The decreases are the Ambrose improvement in New York harbor, the channel in Gowanus Bay and military parks, \$124,700.

military parks, \$124,700.

The consideration of the bill was inter-The consideration of the bill was interrupted by the presentation of the conference report on the Chinese Exclusion bill. Mr. Platt (Rep., Conn.), one of the Senate conferees, said that the House conferees had objected to so much of the Senate substitute as continued existing laws till December, 1904, and insisted that they should be continued without limitation as to time. It was now provided in the conference bill that the existing laws should be continued in force until otherwise provided by law. He went on to explain some minor changes provided in the conference bill, and said that as to the Philippine Islands the exclusion of Chinese was left largely to the Philippines Commission. pines Commission.

The conference report was agreed to, and the bill goes to the President. The Senate then adjourned urtil to-morrow.

IN THE HOUSE

Mr. Sibley Attacks Gen. Smith-Hopes the President Will Discharge Him. WASHINGTON, April 28 .- The House to-

day took up in the Committee of the Whole the Agricultural Appropriation bill and Mr. Curtis (Rep., Kan.) defended the promotion of Gen. Funston. Mr. Sibley (Rep., Pa.) made a bitter attack upon Gen. Jacob Smith. He said

ne had always defended the course of the Administration and had believed in expansion, but when it came to orders such as issued by Gen. Smith he believed hucenturies. "I have heard of Timor the Tartar and of the Saracen scourge, but, thank God, it took eighteen centuries after Calvary to produce Gen. Smith." He hoped the President would have the courage to discharge him from the service which he had disgraced, and he had confidence enough in the honor and fearlessness of the Executive to believe that he would not permit Smith to wear the uniform he had disgraced. "I have been asked to wait for his justification," continued Mr. Sibley, passionately. "For such conduct and such orders there can be no justification." Mr. Sibley was frequently and liberally applicated by both sides.

Mr. Williams (Dem., Miss.) followed with an indersement of Sibley's remarks as to the "brute in uniform," but he thought Mr. Sibley did not strike at the root of the evil, which was in the system and not the man. A war of conquest against an inferior race, he said, resulted even more Calvary to produce Gen. Smith. * He hoped

Pig from is selling at \$19 a ton and steel billiets at \$33 a ton f o b at the works in the Pittsburg district. This is an edvance of about \$2 a ton in each case. Pittsburg advices, received in Wall Street, say that the steel Corperation is expected to use part of the \$25,000,000, set askie under the bond conversion plan for new plants and improvements, in the building of additional biast furnaces for the manufacture of pig tran so that it can make itself independent of the open pig tron market, where at present R bures about 1,000,000 tone yearly. BASKETBALL.

Mohawk A. C. Wins a Fast Champs Game From Brooklyn A. C. Only one match was played in the Metropolitan Association basketball champions ship at the National A. C. last night. The opposing teams were the Mohawk A. C. of Flushing and the Brooklyn A. C. and they put up the fastest and most scientific game of the tournament so far. From the moment the ball was thrown up play was of the hottest description, while the goal throwing, passing, dodging and interference were a treat to look at. At no time during game was one team more than four points ahead of the other, but a little luck

the game was one team more than four points ahead of the other, but a little luck favored the Mohawks toward the finish. The teams were pretty evenly matched as far as activity went, but in weight the Brooklyns had some advantage. When Referee Ruess threw the ball in there was a wild scramble for its possession, but for five minutes neither side scored, until Bonham, setting hold of the leather, lobbed a goal for the Brooklyns. A few seconds after Cornell, by a long throw, made a basket for the Mohawks and the score was even. Foul goals by each side increased the figures but Munson then scored a goal for the Mohawks, A goal by Elliott for Brooklyn made matters even again. Five minutes of very fast work followed and terminated by a brilliant goal by Von Sholly. The score at half time was 12 to 11 in favor of Brooklyn. A foul goal by Cornell for the Mohawks set the ball rolling in the second half and for the third time during play the score was even, but a goal from the field by Kalbfielsch soon after put the Brooklyns in the lead Elliott followed with another basket putting the Brooklyn and Munson mended matters somewhat for the Mohawks turned the tide in their favor and they finally won by the narrow margin of four points. The teams lined up as follows:

Mohawk A. C. Positions. Brooklyn A. C. Harbourne Kalbfielsch

Mohawk A. C. Positions. Brooklyn A. C. Harbourne Left Forward Kalbfleisch Hutchings
Allen. Right Forward Bigelow Cornell Centre Elliott Van Sholly Left Back Rogers Munson. Right Back Bonfam The score—Mohawk A. C., 29 points; Brooklyn A. C., 25 points. Goals from the field—Cornell, 3; Von Sholly, 8; Munson, 3; Elliott, 8; Bonham, 2; Bigclow, 1; Kalbütelsch, 1. Goals from fouls—Cornell, 5; Kalbütelsch, 4.

neil, 5; Kalbfletsch, 4.

The game scheduled between the Pastime A. C. and Grace A. C. was awarded to the Grace players as the Pastimes did not put in an appearance. It was said last night that the management of the tourney would request the Registration Committee of the Metropolitan Association to disqualify the Pastime A. C. players. An impromptu match was arranged between the "subs" of the Brooklyn A. C. and a scrub team of the National A. C. The following table shows the standing of the clubs to date:

W. L.

Conditions Announced for the Fourth Metropolitan Tournament.

Circulars will be sent out to-day containing the conditions of the fourth annual tournament of the Metropolitan Golf Association to be held on the links of the Tuxedo Club May 28, 29, 30 and 31. The programme includes the conditions of the added events. The Metropolitan championship, which has been won in turn by H. M. Harriman, Walter sist of a qualifying round of eighteen holes lowest scores to keep on at eighteen-hole match play to the final round, which will be at thirty-six holes. Only players having a rating of twelve or less on the M. G. A handicap list are eligible to compete. The round will receive a gold medal, while the winner will have his name inscribed on the M. G. A. championship plate, which will be held during the rest of the year by his club, and he will get a championship gold medal outright. The entries for the Metropolitar, championship must be made through the secretaries of clubs, and will close at the office of the Secretary, William Fellowes Morgan, Arch 5, Brocklyn Bridge, at noon ou Saturday, May 24. The entrance fee, \$2, must accompany the entry.

The added events are the M. G. A. club pairs four-ball match, at eighteen holes medal play, and the M. G. A. annual handicap, at thirty-six holes medal play. Entrance in either event is \$1, the lists closing the night before at the Tuxedo Club. The touriament committee is £1. C. Murdock, chairman! Arden M. Robbins and W. J. Travis. The opening day, Wednesday, May 28, will be given up to the qualifying round and to the first championship round; the first and second rounds for the championship will be decided on the second day the championship M. G. A. championship plate, which will

ond rounds for the championship will be decided on the second day the championship semi-finas on Friday morning and the four-ball match in the afternoon, while the championship final and the handicap will wind up the tournament on Saturday. On Thursday morning the Oyster Bay express, leaving Long Island City at 9 o'clock, will have a special connection for Garden will have a special connection for Garden City, to enable the players to get there before 10 o'clock for the start of the qualifying round

of the open tournament.

LAKEWOOD, April 28. - The scarlet of Westchester went down before the Rockaway blue in to-day's opening event of the Georgian Court polo tournament for the Herbert tromanity had marched backward for eighteen | phies. Two goals were sllowed Westchester to equalize handicap differences, and the to equalize handicap differences, and the first period was an even contest, each team scoring twice. Rockaway took three-straight in the second, the only goals made, and clinched the game in the third. Westchester rallied grandly in the last quarter, but it was too late, and Rockaway won by the score of to to? Lafewood team No i plays somerset to-morrow. The line-up and summary: BOCKAWAY.

PLUNKITT'S BIGGER'N NIXON.

HE CAN'T TURN ME DOWN, SAYS THE WEST SIDE SENATOR.

Nor No Other Man in Tammany-Where Are All the Men That Ever Opposed Me?
—In the Poorhouse—Plunkitt Dares All Tammany an Attempt at It.

Senator George W. Plunkitt, the monarch of the County Court House corridor, was much put out yesterday when he found that it had become generally known that there was a movement on foot in his Senate district to turn him down.

The Senator hurried down to his office in the corridor, and there he made a speech on the subject as follows, with fifty persons listening:

Print it in your paper that Plunkitt is going back to the State Senate just as long as he wants to, and that there ain't no man in Tammany Hall that's big enough to turn him down. I want you to print in your paper that Mr. Nixon nor no other man in Tam-

down. I want you to print in your paper that Mr. Nixon nor no other man in Tammany is big enough to turn down George Plunkitt. I'll go back to the Senate Just as long as I want to and Nixon and Dan McMahon and all the rest of them can't stop me. Put that down just as strong as you like. Nixon can't turn me down and he'll never see the time that he can.

Just say for me that Plunkitt is one of the biggest men in the Democratic party and that he does not care for any leader. I belong to the people of the West Side. They know me and they will keep on sending me to the Senate just as long as I want to go. I am for home rule and for keeping the docks for the people and not allowing any one to steal them. I am against any men who stand for that Put it in your paper that I am against that Assemblyman Fitzgerald from McMahon's district. He stood with those people from up the State for the Excise bill and for taking four blocks of our waterfront Why, he wants to have the people of the West Side pay for our little park up there. That is against home rule and against Tammany Hall. He's no Tammany manhe comes from up the State, and none of them politicians that comes from up the State is any good.

Where are all the men who ever opposed me? All in the poorhouse, every one of them. That's where they are.

Nixon nor no other man can turn me down. Tell them that Plunkitt dares them to try it. He's going back to the Senate just as long as he wants to.

Why don't I go to Congress? Congress, hell! That is only \$5,000 a year. I can go to Albany and get forty contracts. Put it in your paper that no man can turn Plunkitt down.

down.

There was more to this effect. The Senator said that he was not a canned fruit candidate, but that he waited until the trees in the fall were loaded with new crop plums, and then took what he wanted. In the meantime Mr. Nixon was incubating a statement in which he said that he thought that all of the Tammany Senators were good men, and that all, or nearly all of them ought to be returned to the upper house.

EVANS TO RUN FOR CONGRESS? Talk in Chattaneoga of Honoring the Pension Commissioner at Home.

CHATTANOGGA, Tenn., April 28.—It is re-ported here that H. Clay Evans, who has resigned as Pension Commissioner, is going to return to Chattanooga and make the race for Congress again. He once represented the Third district in Congress, but he failed to get back on account of his advocacy of the Force bill.

If Mr. Evans decides to run his opponent will be the present Congressman, Judge John A. Moon, who is now serving his third term. The latter will have no oppothird term. The latter will have no opposition for renomination in his own party, but he is not considered invulnerable in the coming race. Mr. Evans was in Chattanooga recently and it is known that he conferred with Newell Sanders and some of the other chief Republican politicians here. He refused at that time to discuss his resignation from the Pension Office or his future intentions.

intentions.

It is not at all certain that Mr. Evans would have smooth sailing in his own party if he seeks the nomination. Robert S. Sharp, Postmaster of Chattanooga, who was defeated for Congress in the last election, is still ambitious to represent the

The affairs of Wall Street are discussed authoritatively, and what occurs there is faithfully reported in

EVENING

Full reports of the Stock Exchange, Curb Market, Grain Market, Cotton Market, Money Market, conveniently arranged for ready reference, appear each day in the

Wall Street Edition

STOCK EXCHANGE TRANSACTIONS. which shows every sale in order. An illustration of the value of this was given recently in the trial of a suit in the United States Circuit Court, at Louisville, Kentucky. The Court held that it was shown that THE EVENING SUN published the most trustworthy and accurate information relative to the market value of stocks in New York, and copies of THE EVENING SUN were admitted in evidence to show the market value of certain stocks on May 7, 8 and 9 last. The question at issue was whether or not a certain sale had been made at a certain price, and the jury accepted THE EVENING SUN'S figures as conclusive. Objection was made by the lawyers of one side to the introduction of Till EVENING SUN, but the proof that that newspaper was regarded by the financial world as the recognized a thority on the subject was so complete and conclusive that the Court admitted it, and thereafter both sides united in
